FROM THE HEARTS THAT GUIDED YOU

MS. RANJANA SENGUPTA
SECRETARY, NANRITAM

The Road Ahead Is Yours

As you step into the next phase of your journey, we want you to know how proud we are of you.

We have seen you grow — from curious little children to confident young individuals ready to step into the wider world. You have learned, laughed, struggled, succeeded, and shaped your character within these walls. Watching you grow has been one of our greatest joys.

Wherever you go — to different parts of the country or even abroad — carry with you your strength, your integrity, and your sense of responsibility. These will guide you far more than marks or ranks ever can.

Choose your path thoughtfully. Do not pursue something simply because teachers, parents, or friends expect it. This is your life and your future. Take time to reflect on what truly interests you and where your abilities lie. If you are unsure about the course you wish to take, seek professional guidance and career counselling. The global landscape is changing rapidly, and informed decisions matter.

Remember, success is not about comparison — it is about clarity, commitment, and character.

Wherever life takes you, never hesitate to reach out to us. In moments of happiness or difficulty, confidence or confusion, know that you have a place here. There will always be someone ready to listen and support you.

With lots of love and best wishes,
Ranjana Sengupta

DR. BHARATI BAKSHI
WORKING PRESIDENT
NANRITAM

My heart truly feels happy to see you all growing up and moving ahead with confidence. I had the privilege of being the class teacher of the present batch of Grade XII until Class VIII, and in those formative years, we truly grew together.

With limited staff and many shared responsibilities, I learnt that to be a good teacher, one must first remain a sincere student. I may have guided you, but we were learning side by side.

As you step into the wider world, carry with you integrity, humility and the courage to keep learning.

With affection, pride and heartfelt blessings,

Bharati Ma'am

MR. SARADA PRASAD NAMHATA
JOINT SECRETARY, NANRITAM

My dear Filixians,

It is difficult to put into words what this moment feels like. But I know it is time for you to fly high and discover the sky beyond the Filix campus. It is truly a moment of mixed feelings. I am reminded of *Even Eagles Need a Push* by David McNally.

Even the strongest eaglets, ready to soar, need that gentle nudge from the nest. We have watched you grow from shy, smiling children into young adults with conviction and quiet fire. I still see Sukdeb's innocent grin, Soumayjit's bright, searching eyes — and all of your curiosity now turning into determination.

You were nurtured with the love and unwavering guidance of Bharati Di, Ranjana Ma'am, and so many who held you close from your earliest days. That foundation of compassion is now yours to carry forward. Go, fly high — I have complete faith in you. But remain rooted in the larger journey of humanity and service that Nanritam and Filix stand for. You are not leaving us; you are extending the circle. And wherever you go, you remain part of this family.

Bon voyage

MS. PRIYANKA GHOSH**ACADEMIC DIRECTOR, NANRITAM****HEAD, DEPARTMENT OF ENGLISH**

Dear children

In every Children's Day message, you have found me returning to the same lines from Winnie-the-Pooh: *"You are braver than you believe, stronger than you seem, smarter than you think, and loved more than you know."*

I do not repeat them out of habit, nor because I teach literature, but because I have seen their truth reflected in you. Over the last three to four years, we have shared an unusual classroom — within tiny glowing rectangles. When the world doubts whether online learning could truly work, you quietly disproved it. The chat boxes never stopped ticking, keyboards never stopped clicking, and through those small screens we travelled vast landscapes — across texts, ideas, emotions, and within our own selves. Together we explored the architecture of stories, the psychology of characters, resilience in adversity, the moral compass of heroes and anti-heroes, and even the five stages of grief. Literature, you discovered, is not an ornament of language but a manual for living. I hope those hours on Zoom have given you more than notes and grades. I hope they have given you empathy to understand others, passion to pursue what matters, courage to stand alone when necessary, and ethics to guide your choices when no one is watching. Literature is not merely about beautiful poems or profound stories; it is about recognising yourself in them — finding a voice, shaping an inner world, breaking and rebuilding it, and creating a bridge between who you are and who you may become. When life feels overwhelming, return to a poem, a story, or even a single line that once spoke to you. It will always receive you without judgment. It will remind you that loneliness is not emptiness but a space where meaning can grow.

I have spent many meaningful moments with you — moments of laughter, confusion, discovery, disagreement, and pride. If I were to borrow a metaphor from science, we have been like molecules in motion, colliding, influencing one another, exchanging energy, and then moving forward. It may be a happy accident that our paths crossed, but it is no accident that we carry fragments of one another onward. As you step into new worlds — examinations, universities, careers, uncertainties, possibilities — go and find your voice. Write it, speak it, live it. Let it be shaped not by fear of failure but by depth of character. Success will follow in its own time; integrity must lead the way. Carry forward curiosity. Carry forward kindness. Carry forward the quiet strength that has already brought you this far.

With affection, pride, and faith in each one of you.

Yours

Priyanka Ma'am

MS. AARTHI V B**SENIOR CURRICULUM DESIGNER,
SCIENCE**

Dear Grade 10 & 12

As you step into new chapters of your lives, remember that growth is not about having all the answers, but about having the courage to keep learning, questioning, and trying. Carry your values with confidence, stay kind in moments of uncertainty, and trust that every experience will shape you into who you are meant to become. May you move forward with curiosity, resilience, and belief in yourself.

Best Wishes !

**MS. RUPJYOTI DOWERAH****SENIOR CURRICULUM DESIGNER,
SOCIAL SCIENCE**

Dear Students of Grade 10,

As I write this, my heart is filled with gratitude and pride. It has been my immense pleasure to be your Social Science teacher this year. While I may have taught chapters and discussed the world, I want you to know that I have learnt just as much from you.

I have learnt patience, resilience, creativity and the power of young minds that question, analyse and dream. Every discussion, every doubt and every smile have become precious memories. We have shared laughter, curiosity, debates and many "aha" moments that made our classroom come alive.

As you step into a new phase of your lives, carry forward not just lessons from textbooks, but lessons of life. Believe in your abilities and trust your hard work. There will be challenges, but remember that each one is an opportunity to grow wiser and braver.

Strive to do your best in whatever you choose to pursue, not because of comparison, but because excellence is a habit you build for yourself. Life is not about scorecards and marks. Marks may open doors, but it is your character that will help you walk through them with dignity.

Be kind. Be upright. Stand up for what is right. The world needs compassionate leaders and thoughtful citizens, and I truly believe you can become exactly that. Wherever life takes you, carry curiosity, integrity and empathy with you. Stay humble in success and strong in failure. And never forget that you once sat in a classroom where you were believed in wholeheartedly.

I will always be proud of you.

With warm wishes and blessings,

Rupjyoti Dowerah

**MR. VIKASH KUMAR

Move ahead with confidence, integrity, and courage. Believe in your abilities, stay grounded in your values, and never stop learning. Success will follow those who remain consistent and sincere in their efforts.

Remember, this is not the end of a chapter but it is the beginning of a much bigger journey. You're not alone! Your teachers, parents and the Filix family is with you at every step.

Wishing you strength, clarity, and great success in all your future endeavours.

With blessings and best wishes,

Vikash Sir

**MR. SWAPAN KUMAR

**MR. AMIT KUMAR
NANDI**
TEACHER,
PHYSICAL EDUCATION

Sports teach us lessons that books sometimes cannot — discipline, teamwork, leadership, patience, and how to accept both victory and defeat with grace. Just like in a game, life will give you challenges. Sometimes you will win, sometimes you may fall.

What truly matters is that you rise again, stronger and wiser each time. Keep playing the game of life with courage, fairness and a never give up spirit.

MS. ASHMITA SEN
COORDINATOR, GRADE XII
TEACHER, COMMERCE

Dear Class 12,

As you step out of the school gates and move towards a new chapter of your life, my heart feels both proud and emotional.

The moments we shared — the laughter in between lessons, the scoldings that came from care, the small achievements we celebrated together, and even the tough days — will always remain special to me. What started as a teacher-student bond slowly turned into something much deeper and more beautiful. Somewhere along the way, you became not just my students, but my younger brothers.

Believe in yourself even when things feel uncertain. Work hard, stay humble, and never lose your kindness. Success is important, but being a good human being is even more important.

No matter where life takes you, this bond and these memories will always stay. My blessings and good wishes are always with you. Make your parents proud, make your school proud, and most importantly, make yourself proud.

You will always have a place in my heart.

With love and blessings,
Ashmita Ma'am

MS. ANKITA MAHATO

My Dearest Students,

As you stand at the threshold of such an important milestone in your lives, my heart is filled with pride and emotion. I am not just your class teacher—I am someone who has had the privilege of growing with you, learning with you, and creating beautiful memories with you. From love and laughter to scoldings, fun moments, potlucks, tiny arguments, and endless classroom stories—every memory is precious to me.

Yes, I have scolded many of you for your distractions, chatter and mischievous ways, but every moment was part of our journey together and every scolding was only love, care, and the desire to see you grow into confident, responsible, and successful individuals. You have all left a special mark on my heart, and I am truly proud of each one of you.

The board examination is just one step in your long journey ahead. Believe in yourselves, trust your hard work, and never stop dreaming big. I have complete faith that you will achieve great things and make us all proud.

No matter where life takes you, remember that I will always be there for you—as your teacher, mentor, and well-wisher. Whenever you need guidance, support, or even a little scolding, you know where to find me.

প্রিয় শিক্ষার্থীরা,

Central Board of Secondary Education (CBSE) বোর্ডের Class X শেষ করে তোমরা এখন জীবনের এক নতুন মোড়ে দাঁড়িয়ে আছো। সামনে আরও বড় পথ, আরও নতুন স্বপ্ন, আরও দায়িত্ব। মনে রেখো, নম্বর গুরুত্বপূর্ণ হলেও সেটাই তোমাদের সম্পূর্ণ পরিচয় নয়। প্রকৃত সাফল্য আসে জ্ঞান, সততা, পরিশ্রম ও মানবিকতার সমন্বয়ে। শিক্ষার পরিকাঠামোগত সীমাবদ্ধতা পেরিয়ে জীবনের অভিজ্ঞতায় তোমরা প্রকৃত জ্ঞানী হয়ে ওঠ। তোমরা যে বিষয়ই বেছে নাও—Science, Commerce বা Humanities—সেটিকে ভালোবেসে মন দিয়ে শিখবে। আগ্রহ থেকেই প্রকৃত দক্ষতা তৈরি হয়।

নিজের লক্ষ্য ঠিক করো, কিন্তু প্রয়োজনে পথ বদলাতে ভয় পেয়ো না।

নিয়মিত পড়াশোনার অভ্যাস বজায় রাখো—শেখার কোনো শেষ নেই।

প্রযুক্তির যুগে এগিয়ে থেকেও বই পড়ার অভ্যাস ছাড়বে না। কারণ ভাষা আমাদের চিন্তাকে শক্তিশালী করে।

ব্যর্থতাকে ভয় পেয়ো না—প্রতিটি ব্যর্থতা নতুন শিক্ষা দেয়।

সর্বোপরি, ভালো মানুষ হওয়ার চেষ্টা করো।

তোমরা আগামী দিনের নাগরিক, আগামী দিনের নেতৃত্ব। সততা, সহমর্মিতা ও আত্মবিশ্বাস তোমাদের সবচেয়ে বড় সম্পদ। নিজের স্বপ্নকে বড় করে দেখো, কিন্তু পা রেখো মাটিতে।

আমি বিশ্বাস করি, তোমাদের প্রত্যেকেই নিজ নিজ ক্ষেত্রে উজ্জ্বল ভবিষ্যৎ গড়ে তুলতে পারবে।

অনেক শুভকামনা রইল তোমাদের আগামী দিনের পথচলার জন্য।

স্বপ্না সরকার চক্রবর্তী

MS. PALI RANI DEY
TEACHER,

Dear Grade X and XII Students,

As you stand at the threshold of a new journey, my heart is filled with pride and blessings for each one of you. Our journey together may have been just one and a half years, but it feels like only yesterday that I walked into the classroom and saw your curious eyes, nervous smiles and the dreams shining in your hearts. During this time, our classrooms have witnessed your laughter during free periods, your silent focus during exams, your friendly arguments, your cultural performances, your sports victories and even those little mischievous moments that made school life so special.

You have grown not just in height or knowledge, but in confidence, courage and character.

Board exams are only one chapter of your life, not the whole story. Marks may open doors, but your honesty, hard work, kindness and resilience will take you far beyond them. Always remember to believe in yourself, learn from failure, stay humble in success, remain strong during challenges and carry the values you learnt here wherever you go.

May your future be filled with bright opportunities, meaningful achievements, good health and happiness. Go confidently towards your dreams — the world is waiting for you.

With blessings, love and heartfelt best wishes for a brilliant future.

जा तुम बड़े हो,
तेरे सपने भी बड़े हों।
पहुँचे हो आज जहाँ तुम,
छोटे-छोटे कदमों से चलकर।

छुओगे आकाश तुम,
सूर्य-किरणों से छनकर।
दिखेंगे संस्कार तुममें,
फिलिक्स से निकलकर।

देखी है तुमने मानव-सेवा,
मानवता हो परिभाषित तुमसे।
नाप लो तुम सारी दुनिया,
तुमसे ही पहचान हमारी।

देते हैं शुभकामनाएँ ढेर सारी,
तुम सबको आज हम, बारी-बारी।
